Dear Karl,

I would like to take this opportunity to thank you for the professional work you carried out during the City Gate exhibition, which was held in the Grand Salon at the Auberge de Provence, Valletta. Both the actual building and the usage of the museum required the utmost care during the mounting and dismantling of the exhibition and also during the exhibition visiting days. As Curator of the museum I must say that I am pleased with the way the work was carried out and that all the workers respected the directions and instructions given to them.

It was a real pleasure working with you as all the work was carried out professionally and with great respect towards the Auberge.

Thank you once again

Best regards

Sharon Sultana
