

PAGE Ltd.

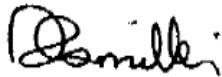

Dear Karl,

In the name of Page Ltd and our partners Caravaggio JV, Confirma JV and ELBROS MDINA 2009 JV we would like to thank you for the professional organized work carried out during our Press Conference in conjunction with MRRA on Friday, 29th January 2010.

The Press Conference setup was tailor made in restricted timings, for the occasion of Launching the Restoration Projects for the Bastions that included both the press and a number of dignitaries. We were very pleased with both, the workman ship and the kind of setup used, that added value to our project.

We will surely consider your services if another event shall be organised.

Yours Sincerely

Andre' Camilleri
